Narrator:

There are many purchasing decisions we make in our lives, but none perhaps more important than the decision to buy a new home. For many, it is our biggest investment, and certainly a decision that will influence our lives for years to come. As a home buyer, it is necessary to find someone you can trust to build a quality home, provide professional, friendly service, and offer the best possible value. These ideals are the primary focus of Torrey Homes and the reason Torrey stands above their competitors.

Founded in the late 1980's, Torrey Homes has grown to be one of the leading home-builders in the Southeast Region. Torrey's success has been established by offering the greatest value on every home they build and backing it up with excellent customer service.

The Torrey philosophy begins with designing homes that suit the lifestyle of the homeowner. Drawing upon customer input, Torrey creates floor plans that make a home both beautiful and sensible. Throughout the construction process, Torrey emphasizes the concept of value-engineering. Available space is used in the most efficient way possible, avoiding needless waste and allowing for luxurious standard features that other builders only offer as costly extras. The extra time and care they put into the design and construction process, allows Torrey to provide attractive, well built homes at the best possible cost.

Customer Testimonial #2

Very helpful customer service; treated very professionally

Narrator:

Torrey has achieved its huge success by executing a very simple plan: Astute land acquisition in some of the region's most sought after communities; innovative design and value-engineering techniques that produce beautiful, reasonably priced homes; a loyal, nationally recognized service team, as well as an experienced staff of loan coordinators, committed to making your home buying experience as smooth and pleasant as possible. Torrey Homes, building America's best home value.

Testimonial - Vicki Locke

"Eight months ago I bought my first home. I heard all the horror stories about credit and buying new, but all the myths were put to rest when I bought a Torrey Home. With dozens of floorplans, features, not to mention the great prices, Torrey Homes was the best option for this first time home buyer. They really care about their product and it shows. And that's what I care about.

Torrey Homes, building America's best home value, for you and me."
