Dear Gale Ellsworth,

Prevost would like to formally congratulate Trailways Transportation System on their 75<sup>th</sup> Anniversary. Prevost is honored to be a long time partner of Trailways in providing quality and safe transportation to North America. The Trailways and Prevost brands have stood for quality, safety, and care for the customer throughout their impressive histories.

Trailways is an institution; a brand that extends beyond the industry and has its own place in American culture. The people of Trailways should be very proud of the organization they have built and the customers they have served.

We are confident that Trailways will continue serving North America for years to come in the same manner as the past 75 years. We are excited about continuing our partnership in the future and ensuring that the transportation industry is served by the values that are important to Trailways. Thank you for your worthy contribution to our industry.
